Emma Waltho

Accessibility and seamless functionality are my priorities. The best designs are accessible to all while preserving the aesthetic quality. I stop at nothing to make designs as close to perfect as I can.

EXPERIENCE

Self Employed— *Freelance Artist*

MAY 2016 - FEB 2022

Received a range of commissions for artwork to deliver a quality product to clients in a timely manner, while maintaining effective communication with the client to ensure a quality product was delivered exactly how they wanted.

Panera Bread, Kent — *Shift Lead*

FEB 2022 - DEC 2022

Took in customer requests and complaints and worked to deliver resolutions in a timely and orderly manner. Utilized effective communication with my team to keep the workflow efficient and effective.

EDUCATION

University of Washington, Seattle — *Computer Science*

DEC 2022 - MAR 2023

University of Cincinnati, Blue Ash — *Graphic Design*

JAN 2019 - MAY 2019

PROJECTS

Streamosaurus — *Web App*

Streamosaurus was built with a team of 4 in a week using HTML, CSS, JavaScript and utilizes TMBD API and NY Times API. This app allows you to search for any movie or TV show and see where it's streaming, what it's about, audience scores and the cast.
